

## **ABOUT YOUR NO FEE EXTRAVALUE<sup>SM</sup> CHECKING ACCOUNT**

This disclosure statement was prepared in compliance with the federal Truth-in-Savings Act.

This is a non-interest bearing demand deposit statement account from which withdrawals can be made by using checks. The No Fee ExtraValue Checking Account is available at all branch locations. This account is not available to businesses, corporations, or for-profit organizations.

### **Minimum Balance To Open**

This account may be opened with a minimum initial deposit of \$100 or more.

### **Charges To Maintain This Account**

There are no maintenance charges associated with your account regardless of the balance.

### **Other Charges**

The charge for new check printing including micro-encoded deposit tickets varies with each order and is dependent upon quantity or style ordered. The same applies to an additional order of micro-encoded deposit tickets.

See attached "other charges" specific to this account.

### **Statements**

We will send you a statement each month if there is account activity or quarterly if there is no account activity. This statement will show all account activity during the previous statement period and will include digital images of the front of all paid and canceled checks, all deposits made, and any charges incurred. A charge may apply for a copy of the back of any paid check you request. See attached "Other Charges" specific to this account for applicable charges. The cutoff date, which determines the statement cycle, differs for each branch.

You must examine the statement (and checks) and notify the Bank within 14 days, in writing, of any discrepancies. If the discrepancy concerns an ATM or other electronic funds transfer transaction (federal recurring payments, payroll deduction, etc.) this notification period is extended to 60 days. If we do not hear from you within these time frames, we will assume the statement is correct.

### **ACH/EFT & Check Payment Order**

On any given business day, when both ACH/EFT debits and/or checks are presented for payment against your account, Apple Bank will pay ACH/EFT debits first, followed by any checks presented. ACH/EFT debits will be paid in the order in which they are received by the Bank and then checks will be processed in the same manner. For example, if an ACH/EFT debit for \$300 is presented for payment and two checks are also presented for payment, the ACH/EFT will be processed first followed by the two checks in the order in which they were received by the Bank.

Additionally, other EFT transactions, such as point-of-sale transactions, will be posted to your account throughout the day as they are received by the Bank.
